MISSION MOMENT

Twenty-year-old Dipmala Kumari from Bihar, India, was forced to leave school when her family could not afford further studies and community attitudes discouraged girls' education. With the encouragement of Karuna Project staff, Dipmala enrolled in a Bachelor of Arts program, and is now attending police training, preparing to provide security support during local elections. Proudly supporting her family, she also plans to fund the education of two girls, giving back the support she received. The Karuna project is an initiative of the Duncan Hospital, supported by PWS&D.
